## Azure Cloud Environment Setup Azure Landing Zone

Secure, efficient Azure setup tailored for mission-driven organizations.

### CHALLENGE

Mission-driven organizations, including NGOs, healthcare institutions, and government projects, often find themselves navigating complex challenges when establishing their Azure cloud environment. With stringent budget constraints and a focus on their primary mission, these organizations require a secure, compliant, and efficient initial setup that lays a robust foundation for operational agility and innovation. Without this foundation, there's a risk of not fully leveraging Azure's tools and resources, hindering their impact and effectiveness in driving positive change.

### SOLUTION

The Azure Cloud Environment Setup – Azure Landing Zone service aims to provide a secure, efficient, and compliant foundation for your Azure environment. Avange understands the unique challenges and constraints mission-driven organizations face. This service is designed to remove the complexity of the Azure setup process, allowing organizations to focus on their mission. With a foundation that is not only robust and secure but also aligned with industry best practices and compliance standards, organizations can harness the full potential of Azure. This approach enables agility, scalability, and innovation, allowing for a rapid response to changing circumstances and efficient delivery of aid, services, or solutions.

### BENEFITS

- Access to Azure's innovative resources and tools.
- Improved operational efficiency and rapid response capability.
- Controlled access management to protect sensitive data.
- Enhanced security measures to safeguard intellectual property.
- Compliance with necessary regulatory standards.
- Transparent and collaborative infrastructure management through code.

## About Avange

Avange was born out of a deep understanding of both the corporate and humanitarian worlds. Our team boasts professionals who have collaborated with global giants in the private sector and have also been on the ground with esteemed organizations like the United Nations and Doctors Without Borders (MSF) European Space Agency (ESA), Argentinian Ministry of Health, and many other organizations around the world. This rich tapestry of experiences ensures that our approach is always rooted in real-world challenges and solutions.

Our strength lies in our diverse backgrounds, with team members who have navigated the precision of the corporate world and the unique demands of healthcare, NGOs, and government projects. This blend equips us with a holistic perspective, allowing us to craft IT solutions that are not only technologically advanced but also culturally sensitive and mission-aligned.

At Avange, we pride ourselves on our ability to bridge the gap between technology and the humanitarian and healthcare sectors. Our collective experience is our greatest asset, and our commitment is unwavering: to empower organizations to achieve more, serve better, and make a lasting impact.
