Migration of Application to Azure Rehost or Refactor

Seamlessly migrate your on-premises applications to Microsoft Azure with minimal disruption and maximum benefits.

CHALLENGE

Organizations in the non-profit, healthcare, and governmental sectors often rely on legacy on-premises applications crucial to their operations. However, these applications may lack the flexibility, scalability, and efficiency of modern cloud environments. The challenge is migrating these applications to the cloud without disrupting operations, losing data, or incurring excessive costs, often compounded by a lack of technical expertise and resources to execute a smooth, compliant migration process.

SOLUTION

Our Migration of Application to Azure – Rehost or Refactor service addresses these challenges by offering a comprehensive solution for migrating your on-premises applications to Microsoft Azure, ensuring a smooth transition with minimal operational disruption. Our experts assess your application and migration needs, develop a detailed action plan, and meticulously execute the migration. From creating required Azure resources, sites, and services to setting up networking and security parameters, we handle every aspect of the migration, whether it's a lift-and-shift or a migration with modifications towards being cloud-native.

BENEFITS

- **Increased Reliability:** High uptime and automatic failover with Azure's infrastructure.
- **Scalability:** Easily scale resources as needed.
- **Enhanced Security:** Benefit from Azure's comprehensive security features.
- **Cost Efficiency:** Pay only for the resources you use with Azure's flexible pricing.

About Avange

Avange was born out of a deep understanding of both the corporate and humanitarian worlds. Our team boasts professionals who have collaborated with global giants in the private sector and have also been on the ground with esteemed organizations like the United Nations and Doctors Without Borders (MSF) European Space Agency (ESA), Argentinian Ministry of Health, and many other organizations around the world. This rich tapestry of experiences ensures that our approach is always rooted in real-world challenges and solutions.

Our strength lies in our diverse backgrounds, with team members who have navigated the precision of the corporate world and the unique demands of healthcare, NGOs, and government projects. This blend equips us with a holistic perspective, allowing us to craft IT solutions that are not only technologically advanced but also culturally sensitive and mission-aligned.

At Avange, we pride ourselves on our ability to bridge the gap between technology and the humanitarian and healthcare sectors. Our collective experience is our greatest asset, and our commitment is unwavering: to empower organizations to achieve more, serve better, and make a lasting impact.
